Your participation in this auction indicates your review and agreement to the following terms. Should you purchase any Cup of Excellence coffee at this auction you agree to the terms and conditions of purchase and shipping included in this agreement. Any buyer of any Cup of Excellence coffee through the auction or through a secondary channel agrees to the use and restrictions of the Cup of Excellence® mark. Any misuse of this mark may be cause for legal proceedings. It is the responsibility of the bidder to determine quality and appropriate value. Bidders should assess the value of each coffee based on quality in the cup and its appropriateness for their company. Farm information is for educational purposes only but can be used to help sell the winning coffees.

Coffee Lots

The 25 coffee lots being offered for sale through this internet auction were designated Cup of Excellence (COE) winners at the 2021 Honduras competition. The designated coffees were blindly cupped through the following process:

Preselection stage: May 03rd – May 08th with the 10 National Judges, at IHCAFE facilities in San Pedro Sula, with Rony Gamez as the head judge.

National stage: May 31th – June 04th with the 10 National Judges at IHCAFE facilities in San Pedro Sula, with Rony Gamez as the head judge.

International stage: The designated coffees were blindly cupped throughout the month of June, 2021 by a panel of COE experienced cuppers designated by ACE in 8 Global Coffee Centers (GCC) around the world.

No other coffee can be sold using this designation. Online bidding for any Cup of Excellence lots is only available through this website. Each lot is separate and distinct. The top 3 lots scoring 90+ points have already been separated into 2 distinct lots labeled A and B. Samples have been made available.

Packing Information

The Honduras Cup of Excellence coffees are vacuum packed in cartons each containing 2 (two) 15kg bags. Successful bidders will be charged \$.20 (twenty cents) per pound mandatory fee for vacuum packing in addition to the per pound cost of the auction price for each lot. Bidding

calculations and vacuum packing fee are based on actual pounds after milling and packing the coffees. The number of 30kg boxes as well as the weight in pounds will be shown. A broken seal on any vacuum package does not automatically warrant a claim or indicate a quality change.

Financial Responsibility and Group Bidding

The individual bidder placing the highest bid at the close of the auction is responsible for the financial payment to the exporter of the entire lot. Individual bids once accepted by the auction software, may not be revoked or withdrawn. The exporter may approve multiple payments and multiple shipping instructions for a single lot but only if the successful bidder requests the approval and submits all of the shipping instructions within 7 days of the auction. If the exporter or the country partner denies the request for any reason the bidder will be held liable for the entire payment regardless of group purchase. If a lot is split and sent to more than one destination the buyer will be responsible for any additional costs or fees associated with that export.

In a situation where the farmer is responsible for the payment of the transport, it is expected the winning bidder will designate a shipping method which will not substantially affect the costs the farmer is charged within the origin country to deliver the coffee to the shipping facility such as but not limited to: port, airport, third party designated exporter. The management of the Cup of Excellence program has the right to seek and provide the winning bidder fair shipping options considered equative for the selling and buying parties.

The responsibilities of the lead bidder of a buyer group are to review, approve and socialize all terms and conditions with each member of their buying group. This bidder agreement is only sent to those registered to bid in the auction, if the members of your buying group are not registered for the auction the lead bidder is required to share the agreement to get each member's approval. It is required that the lead bidder in the auction to collaborate with the exporter facilitating communication and expediting the payment process if any setbacks are encountered regarding payment or complications in communicating with other buyers from the group.

If a lot is split between several buyers and sent to more than one destination, all additional buyers of said lot will be charged with an extra fee per shipment to cover the additional administrative costs associated with the export depending on the transport mode:

Air cargo: \$350.00 USD

Sea freight: \$300.00 USD

Payment Requirements

Full payment of the lot(s) and the packing fee(s) is required prior to shipment unless other requests are made in writing and approved in advance. Cash against documents must also be approved in advance of the auction. Prepayment of the lot is required if moved to another exporter to be shipped. Shipment, quality and delivery responsibility will revert to new exporter.

Full payment is due 30 (thirty) days after the close of the auction regardless of ship date or method. A minimum 5% monthly late fee may be charged for any lots not paid within 30 days.

Shipping Requirements

Shipping instructions are to be sent to Choacapa within 7 (seven) days of the close of the auction by the successful bidder or the bidder's designated importer. Bidders can nominate any importer. Should a claim arise, a neutral arbitration panel will be assembled to assess the claim. Bidding at this auction represents a contract to purchase the coffee. Should a buyer default on payment legal remedies will be undertaken.
